

## ORGANIZED

**Street Railway Men Will Join a Union.**

## THEY WILL AFFILIATE

**With Massillon Street Railway Men—Have No Grievance, But Are Ready For Emergencies.**

A committee of Canton street railway employees came over to Massillon, Thursday morning and circulated a sort of invitation to the Massillon street car men to affiliate with the union which is now in process of formation at Canton. All the local employees, with the possible exception of one or two men, signed the paper, thus declaring their willingness to enter the union. At present the enrollment of charter members numbers eighty men, eighteen of whom are of Massillon.

The Canton members held a meeting Wednesday at which N. P. Maier, the district organizer of the American Federation of Labor, was present. Temporary officers were elected and preliminary arrangements were made for a permanent and compact organization. Mr. Maier has made a formal application for a charter which will arrive not later than next week. At that time a joint meeting of the Canton and Massillon men will be called and the regular officers will be duly elected and properly installed.

The organization will affiliate with the Amalgamated Association of Street Railway Employees of America.

It is not the intention of the men to make any demands upon the Canton-Massillon company. It is understood that they are well enough satisfied with their treatment and have no grievances at the present time. They are simply organizing for self protection in the event of emergencies.

## MONGOLIAN PHEASANTS.

**The Annual Distribution Now Being Made By State Game Warden Reutinger.**

State Game Warden Reutinger is now attending to the annual distribution of Mongolian pheasants among the farmers of the state.

While there are more young birds at the hatchery this year than ever before, the demand exceeds the supply and the pheasants are being sent only to those sections of the state which have proven to be adapted for them. Where the birds have been protected, as on the preserves of the large hunting clubs, their increase has been phenomenal. Clermont and Pickaway counties have been let out of the distribution, as there have been no efforts made to protect the birds which have been sent to these counties and they have been slaughtered by pot hunters. Until there is a change in sentiment among the farmers of these counties and measures are taken to protect the pheasants no more will be sent to them.

## What Disease Produces Most Misery?

If the amount of misery caused by different diseases could be estimated it would be found the portion caused by headache would outweigh any other, and perhaps equal all combined. Immediate relief is afforded by Clinic Headache Wafers, perfectly safe, easily taken and do not depress. 10 cents at all druggists.

## ONE ON EACH SIDE.

**American Ships Will Guard American Interests in Central America.**

Washington, Aug. 15.—The state department has finally determined that two American ships are to go to Panama, one on each side of the isthmus to protect American and friendly interests there. The Machias will be on one side and the Ranger or the Iowa on the other in readiness to land troops if necessary.

## ELEVEN MEN DEAD.

**Two Men Are Still in the Water Works Tunnel—Search May Be Resumed.**

Cleveland, Aug. 15.—It is now known that eleven men are dead as the result of yesterday's waterworks crib horror. Foreman Vandusen says there are still two men in the tunnel, Adam Geet and John Eugene. It is impossible that they can still be alive, though search for their bodies may be resumed today.

## ATTEMPTED SUICIDE.

Wellsville, Aug. 15.—Constable P. E. Spire, of Wellsville, the only colored constable in Columbiana county, attempted suicide this morning by drinking laudanum.

A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night and was unable to get to sleep.

## HELD A REUNION.

**Twenty-Sixth Battery and Company A, of 32d Regiment Meet in Alliance.**

Special to News-Democrat.  
Alliance, Aug. 15.—The 31st annual reunion of the 26th battery, O. V. V. I., and Company A of the 32d regiment held a reunion in Grand Army hall, Thursday, Captain T. D. Yost, of Canton, presiding. Officers elected were T. D. Yost, president; Orlando Hiltabiddle, vice president; James G. Hogue, secretary. The time for holding the next reunion will be the third Thursday in August, 1902, at Alliance. About 40 members of the battery and six members of Company A were present. They sent greetings to the other nine companies of the 32d regiment who are holding a reunion at Coshocton to-day.

## HEAVY FIGHTING

**Is Reported as Having Occurred Monday on Outskirts of Panama and Colon.**

News-Democrat Leased Wire Service.  
Kingston, Jamaica, Aug. 15.—The British steamer Darien, from Colon, reports heavy fighting on Monday on the outskirts of Panama and Colon, with the advantage lying on insurgents' side. They were steadily advancing on two cities. Many on each side had been wounded.

A number of passengers who were forced to leave Colon in order to escape danger and conscription were on the Darien. They say the rebels' chances for victory are better than at any time since the revolution began. Both sides are committing atrocities.

Wm. Finn, of Lima, O., obtained excellent results from the use of Foley's Kidney Cure. "It relieved my backache and severe pain over the hips. It toned my system and gave me new vim and energy. It is an honest and reliable remedy, a sure cure for all kidney diseases." Roth & Hug.

## FLYWHEEL BURST.

**Pieces Weighing Several Tons Scattered For 200 Yards—Workman Injured.**

Akron, Aug. 15.—A defective fly wheel, weighing 15 tons, burst at the Cuyahoga Steel and Wire company's rod mill, Cuyahoga Falls, at 2 o'clock this morning. Pieces weighing several tons were scattered for 200 yards. The engine room was unroofed and steam pipes torn and twisted like straws. The fly wheel was new and revolved 500 times a minute. George Ostrander was cut on the head by a piece of iron. His injuries are not serious. No one else was injured. Everything was insured. The mill will have to shut down for ten days.

Would Have Cost Him His Life.  
Oscar Bowman, Lebanon, Ky., writes: "I have been using Foley's Kidney Cure and take great pleasure in stating it gave me permanent cure of kidney disease which certainly would have cost me my life." Take none but Foley's. Roth & Hug.

## FARMERS' PICNIC.

**Plans Made For a Pleasant Outing at Meyer's Lake August 22.**

Arrangements have been completed for the holding of a farmers' picnic on the south shore of Meyer's lake August 22. A musical and literary program has been prepared for the occasion. The address of the day will be made by Mr. King, of Mandio, Portage county, and the famous Vandersoll family will entertain the assemblage by singing and recitations. The farmers and their families in the vicinity of Massillon are asked to come with their baskets and swell the crowd.

## Neuralgia.

**The Prayer of a Nerve for More Blood.**

Neuralgia may attack any part of the body but most frequently occurs where the nerves are most abundant. In the head. In the face. Sometimes the heart nerves seem to twist. Twinging rheumatic pains of the extremities. Sharp and intense at times. In the intervals dull and heavy. Neuralgia is the result of impoverished blood, caused by impairment of the nerves—a lack of nerve force.

It is a disease of the nerve centers, and the pains accompanying it are a prayer for better nourishment. They are the danger signals which warn you against a total collapse of the nervous system.

Linctments and all external applications can only give temporary relief. Permanent cure cannot possibly come until the nerve centers are thoroughly revitalized by Dr. A. W. Chase's Nerve Pills. The beneficial effects of this great nerve restorative are felt thrilling through the nerve fibres as weak by week and month by month the nerve force of the body is restored. Women afflicted with diseases peculiar to their sex are frequently great sufferers from neuralgia. Dr. Chase's Nerve Pills positively cure both these disorders by filling the nervous system with new vigor and life. 50 cents a box at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. The genuine has portrait and signature of Dr. A. W. Chase on each package.

Mrs. J. H. Warrick, of No. 280 Philadelphia st., Indiana, Pa., says: "I can recommend Dr. A. W. Chase's Nerve Pills to anyone who suffers as I did with nervous sick headache—neuralgia of the head and a second stomach disorder. This morning

TORONTO, ONT.  
ALL DRUGGISTS, 10 CTS.

## MOLTEN METAL COVERED MEN

**Canton Man Badly Injured in an Accident in a Mansfield Mill.**

News-Democrat Leased Wire Service.  
Mansfield, Aug. 15.—An explosion in the metal furnace of the Ohio Brass works this morning covered F. L. Cook of this place, and Herman Walther, of Canton, molders, with molten metal. They will die.

Herman Walther formerly worked at the Aultman company. His residence is given in the directory as 1002 Nimisilla street.

Must Go to the Works.  
Abe Natson, who was arrested Tuesday evening on a charge of abusing his family, was given a hearing by the mayor Wednesday afternoon and was sentenced to pay fine of \$10 and to be imprisoned in the workhouse 20 days.

**OUTSIDE ORDERS INCREASED.**  
Trading at Times Was Spirited on the Stock Exchange Wednesday.

New York, Aug. 15.—Trading at times Wednesday was spirited and commission houses reported an increase in outside orders. Developments over night did not shed much light on either the crop or the strike situation, and as these influences are rapidly losing their earlier importance bull traders resumed active operations. With the course of the day there was a revival of interest in some usually dormant stocks, which gave rise to reports of pool manipulation, especially in the United States Leather issues. Current rumors regarding the dividend status of St. Paul made that stock the feature of the day and its fluctuations governed the movement of other stocks closely. Generally speaking the properties which were notably strong Tuesday resumed their advance Wednesday, but the average rise was not so pronounced. The great bulk of the day's dealings were transacted during the forenoon, when the high prices of the day were made. London was again a buyer of the general international list and shorts covered contracts in the grangers and Pacifics. A wide opening was looked for in St. Paul, owing to the active inquiry for the stock in London, where it was 2 points higher. The first sales were 7,000 shares at 102 1/2 @ 102 3/4, a gain of 1 1/4. Opening advances otherwise were mostly fractional, but a strong undertone prevailed, and there was heavy buying in the active list. Traders met the rise with stock purchased at lower prices early in the week, and the bears were disposed to sell the market on account of its pretty general steady improvement since Monday's opening. These offerings produced and in some instances were out altogether the initial advance. Sugar, which had started off 1 1/2 higher, was depressed sharply and rather heavy. Prices soon worked upward again, however, the truck lines, grangers, Pacifics and coals being taken freely and establishing advances of from 1 to 2 points. St. Paul ran up 3 1/2 to 104 1/4, and the preferred gained 3/4. After midday the market worked slowly downward, but there were occasional rallies, which were, in a measure, due to the timidity of the short interest on indications of inside support to special stocks. The demand for stocks died out pretty well in the late afternoon and the bears made a successful raid against the market, depressing St. Paul 2 points from the highest and putting the active list generally down a point or over. The United States Steel stocks, which had made gains at the outset of only 1/2 each, fell into neglect during the course of the day and were heavy. The common sold 1/4 under Tuesday's close and the preferred 3/4, but were consistently supported in the late drive, and did not exceed their early low level. In the final dealings buying to cover caused a general rise, St. Paul getting back again to 104 1/4, the highest figure of the day, and the entire market closed steady. The closing rally brought United States Steel common up to 44, its best price, and the preferred rose to 93.

Changes at Industrial School.  
Delaware, O., Aug. 15.—Miss Berdine Stanley, of Hardin county, sister of Governor W. E. Stanley, of Kansas, was elected last night as superintendent of the schools at the State Girls' Industrial home. Miss Maud Stiles, daughter of Captain and Mrs. A. W. Stiles, superintendent and matron of that institution, was elected clerk and librarian of that institution. Miss Grace McMullen, of Circleville, was

## VICTOR KAUFFMAN NOW AT LAKE-SIDE HOSPITAL

(Continued from Page One.)

reached the top, but here I am safe and sound. But if they would only save Vic."

## INTENSE EXCITEMENT.

Scenes Along the River Front Were Thrilling—Anxious People.

The scenes along the river front early in the morning were ones of intense and fearful excitement. As soon as it became known that a disaster had occurred far out in the lake throngs of anxious people began to gather along the docks and await with trepidation accurate news from the scene of the disaster.

The first tangible evidence of the extent of the fatalities caused by the awful fire was brought in by the tug Sprinkle, which came into the river about 4:30 o'clock. The small boat was loaded to the very limit with men rescued from the burning crib. These were either entirely or partially naked. They had been picked up out of the lake by Capt. Thorne and the crew of the Sprinkle. Many of them had burns. Two were seriously hurt, one having his hands nearly burned off and the other with a dangerously injured back. Two others also were hurt, but the latter refused to go to the hospital.

The rescued men were in a panic-stricken state of mind. The excitement of the disaster and the horror they had suffered had their after effects. Many of them had been literally pulled from the jaws of death, having been rescued from the waters of Lake Erie just as they were sinking for the third time. Their appreciation of Capt. Thorne's heroism was pathetic. Tears rose in their eyes as they stood on the dock after the tug reached the landing place. Their voices broke as they mentioned the name of Arthur Hastings, who had sunk to his death, or spoke of the probable fate of the poor devils cornered like rats in the shaft of the tunnel. There were twenty-two men on this tug.

The only relief to the blackness of the tragedy that resulted from the burning of the crib was the rescue of the nine men imprisoned in the tunnel below the lake.

These men had been given up at once for dead. When a signal up the shaft told at 7 a. m. that some one was still alive at the bottom intense excitement resulted, but even then the men working to save the imprisoned workmen hardly dared to hope for even partial success.

But when William Currie was hauled up the shaft alive, quickly followed by Tony Kadichski, a remarkable scene was enacted amid the ruins of the burned crib. Men wept, men shouted, for every extravagance of joy possible under the stress of great emotion greeted the rescued. The crowd forgot the terrible spectacle of the charred bodies of four less fortunate workmen lying close at hand. Their only thought was for the living snatched from the jaws of death.

## VALUABLE POCKETBOOK

**Found By Kauffman and Was Burned With His Clothes In the Fire.**

Victor Kauffman, may save Isaac Geisen, a Toledo contractor, \$1,000. Geisen lost his pocketbook in front of the Forest City house, one day last week. It contained money, checks and notes aggregating \$1,000. Kauffman found the book, but couldn't discover Geisen's name in the directory. So he waited for the owner to advertise, which the latter did. Kauffman wrote to Geisen to meet him at the water works office, Wednesday morning, and get his property.

When Geisen walked into the office, Wednesday, he heard that Kauffman was dead and his property destroyed by fire. The pocketbook was burned, but Kauffman may save Geisen loss by making oath to the contents of the book, so that duplicate checks may be issued.

## PLEASANT WEDDING.

**Miss Martha Orrell, of Canton, Married to a Canadian Gentleman.**

Wednesday evening, at the home of the bride's father, A. M. Orrell, 229 Smith avenue, the marriage of Mr. Homer Nichols, of Lachine, Canada, and Miss Martha Orrell, was solemnized by Rev. C. W. Harshman. A number of relatives and friends were present. After the ceremony a wedding supper was served, when Mr. and Mrs. Nichols took the 7:40 train to Cleveland. They will go thence to Buffalo, Toronto, Montreal and Lachine, and will make their future home in the latter city. The bride is a graduate of the Canton high school and one of the most popular young ladies in the west end.

## Held a Reunion.

The sixth annual reunion of the relatives and friends of the Daum family was held Wednesday, August 14, at the Casino, Meyer's lake. The morning was spent in social chat after which a fine picnic dinner was served, which was much enjoyed by all. In the afternoon a very fine program, consisting of recitations, songs and addresses by visiting ministers was rendered. The following officers were elected for the

## THE SETTLEMENT

**With the State Made By Auditor Reed—Apportionment of the Taxes.**

Auditor Reed has completed his settlement sheet with the state and sent a copy of it to Columbus. The report shows the total amount of the half year's taxes collected, with the amount due the state and what has been apportioned to various funds, school districts and corporations.

The total amount collected for all purposes was \$426,976.82. Of this the state gets \$56,999.47. That which remains in the county treasury has been apportioned as follows: County fund \$33,413.63; poor fund, \$3,831.03; children's home, \$2,948.27; bridge fund, \$31,447.92; election, \$3,931.08; building fund, \$6,896.61; indigent soldiers' fund, \$4,913.81; county road, \$507.18; interest and debt fund, \$21,620.43; township funds, \$9,769.33; township school and special districts, \$117,248.23; township specials, \$5,102.88; city and village tax, \$113,237.89; workhouse, \$9,327.89; Agricultural society, \$500. The dog tax amounted to \$175.14.

## SPRAINED HIS ANKLE.

**Massillon Masonic Ballplayer Meets With an Accident At the Lake.**

Massillon Special, Aug. 15.

John H. Shreve was one of the victorious Masons, who were pitted against the Canton team at Meyer's lake, Wednesday afternoon. He put up a strong game of ball and in stealing a base succeeded in severely spraining one of his ankles. He did not feel the injury greatly at the time and stayed in the game until the finish. Some time after, while he was eating lunch in the grove, his limb began to swell rapidly until it reached alarming proportions. Rudy's ambulance had a call to the lake about this time and Mr. Shreve took advantage of it to ride into the city. He called a physician and had his injury given proper attention but the sprain is a stubborn one and will keep him confined for some time.

## His Own Line of Work.

Mr. A. O. Slentz, formerly superintendent of buildings of the Canton public schools, has accepted a position with the Novelty Iron works, having charge of the pattern department and having the job work of the institution generally, under his supervision. Mr. Slentz had many offers to go into business, but chose something in a line in which he is familiar. He is confining his attention, for the present, to the local field, but will later be away from the city a portion of the time, at least. He is considered to be one of the most valuable and exact men in his line of work, that is in the city, and will doubtless bring much business to the Sherlock plant, by his connection with it.

## WILL DRAW LOTS.

**Mayor Hits Upon a Plan to Give Officers Vacation Without Crippling Department.**

Mayor Robertson has reconsidered his decision to allow but one policeman to take his fifteen days' vacation at a time and has hit upon a plan that he thinks will give every officer his vacation and at the same time will not cripple the efficiency of the department. One patrolman will be allowed to go at a time. There are 22 of them and their vacations will use up nearly all of a year. The eight housemen will also take their days of rest one at a time, at the same period as one of the patrolmen. In this way there will be but one officer off at a time from each division of the department and it will not be crippled. The patrolmen will draw lots for their times.

## PLEADED NOT GUILTY.

**Mrs. Butler Says She Did Not Use Indecent and Profane Language.**

Constable Grayham went to Wamington yesterday afternoon and placed Mrs. Rosanne Butler under arrest on a warrant issued upon complaint filed by Curtis Crawford of the same place. The charge preferred against Mrs. Butler is that of using profane and obscene language. The constable brought her to the city and later she was arraigned before Acting Mayor Sibila. Mrs. Butler entered a plea of not guilty to the charge and gave bond for her appearance next Saturday evening at 7 o'clock. Witnesses will be summoned from Wamington and the trial will likely possess many interesting features. The charge was made as the result of a neighborhood feud in which bitter words were interchanged.

## May Get Their Freedom.

Findlay, O., Aug. 15.—Affidavits were filed by two men which, it is claimed, will lift a life sentence off the five members of the Foster gang now serving for the murder of W. C. Johnson, near Upper Sandusky last fall. These witnesses support the tramp theory, which was the main defense. The case will be heard in the circuit court next month. The evidence was purely circumstantial.

## Alleges Desation.

Henry W. Sheeley has filed a petition in common pleas court asking that he be divorced from Eliza E. Sheeley. They were married in Canton in 1894, and it is charged the wife has been

## FARED BADLY

**Canton Masons Yielded the Palm Athletic.**

## LOST THE BALL GAME

**And a Number of Other Con tests—Venerable Father Lemmon Was at the Picnic.**

From an athletic point of view, the Masons' picnic was not as satisfactory to the Cantonians as it might have been, but they console themselves with the reflection that it is good manners and brotherly kindness to let guests win all contests for supremacy.

The ball game was a very one-sided affair. Massillon simply outclassed Canton at every point. From start to finish, it was a question simply of how great a score the winners would secure. At the end of eight and a half innings the score was 23 to 11 in favor of the west enders. The game was for

## AN ELEGANT TROPHY,

and was in the hands of Massillon, they having won last year.

As a consolation, they had the trophy photographed and a copy was presented to Professor Hiner after the game, as a memento of what had been lost.

Gardner started in to pitch for Canton and did well until his wing lost a few pinions, then he fell by the wayside and Schlitz and DeWitt sent a few balloons up for Massillon batters to kill. J. C. Blair did the catching, and his work was of the gilt edged order. Had there been a prize for individual playing, Blair would have gotten it by a mile.

Goodrich and Lucas were the battery for Massillon and they did excellent work. All through the game there were

## SPURTS OF GOOD PLAYING

and lapses into amateurism that were amusing, to say the least. Rooters were present from both cities, and there was pandemonium for a while, until the Canton voices lost heart.

The other athletic events were hotly contested. The boat race for Masons only had a number of entries. William Lee Wilson, of Canton, won first prize; Ira Pence, of Louisville, second.

The fat men's race had four entries all 200 pounds. They showed wonderful activity and speed for their weight. William Lee Wilson again carried off

## FIRST HONORS.

John Bell and H. C. Myers, of Massillon, and J. H. Miller also ran.

Representatives of Tubal lodge, of Minerva, William M. Jones and W. C. Russell, carried off the honors in the quoit pitching contest. They defeated J. L. Schlitz of New Berlin, and F. J. Heingartner, of Canton, members of Eagle lodge.

Masons' wives had a race to see who could gather up a lot of potatoes quickest, laid at some distance apart. Mrs. McIlwain won first prize and Mrs. George H. Leggett, second.

There was a spirited contest between several young ladies, daughters of Masons. They

## RAN A FOOT RACE

and ran it fast, though no time was kept. Mabel Rinehart won. There was no second prize offered.

For Masons' sons under 21 years Ralph Davidson won the foot race. There were a number of entries in this contest.

The boat race for Masons' wives did not materialize, those who had entered not showing up at the starting place.

The tug of war was also dispensed with, as Elliott lodge was not present in force.

One of the most conspicuous figures at the picnic was the venerable Father William Lemmon, who is over 90 years of age and

## THE OLDEST MASON

in Stark county. He has been a devotee of the compass and square for over a half century, and while he does not venture out on ordinary occasions anything Masonic renews his youth. He was as active and spry at the picnic as many men a quarter of a century younger.

In the evening, after the elders had gone home, the young people enjoyed a dance for several hours, which was largely attended.

## GETTING SOCIABLE.

**Infirmity Inmate Says News-Democrat is Having Its Effect on Lichtenwatter.**

"Keep it up," said an inmate of the county infirmary to a News-Democrat man, Thursday. "Every time the paper reads the News-Democrat and sees how very exact it has the news from the infirmary, he is a different man. I believe, after while, if you keep on pointing out his shortcomings, he will be real sociable."
